Administration Communale de Hesperange

Dear citizens,

Welcome to our beautiful commune of Hesperange “Eng Gemeng mat Flair” which aims to offer you a pleasant living environment and services accessible to all. Hesperange is a dynamic, forward-looking community where a high quality of life and harmonious development go hand in hand.

We are constantly striving to improve the well-being of our residents by offering a pleasant living environment that combines nature, a rich cultural heritage and a dynamic economy.

Because of its many services, modern infrastructures and varied events, Hesperange offers everyone the chance to fulfil their potential. Hesperange is a place where living together and integration are essential. We make it a point of honour to strengthen the links between residents through meeting places, cultural events and initiatives that promote dialogue promoting dialogue and diversity. Our public squares, parks, cultural centres and sports facilities are all places where people can meet and exchange ideas in a spirit of conviviality and openness.

Sport also plays an important role in our community. Our modern infrastructure and the many local associations everyone to take part in physical activity, to challenge themselves and to share convivial moments.

We are convinced that a lively and supportive community contributes to everyone's well-being.

We hope you will find this guide useful and that it will help you make the most of the resources and opportunities offered by our beautiful commune.

Happy reading and welcome to Hesperange!

- A valid identity document (identity card or passport)
- Rental contract or notarized deed of purchase
- Employment contract (only for foreigners from the European Union)

Anyone leaving the country must declare their departure and return their access card for the Oeko-Center and their parking sticker(s).

IDENTITY CARD FOR LUXEMBOURG NATIONALS

First, payment must be made:

- €14 (from the age of 15)
- €10 (up to the age of 14)
- €5 (up to the age of 4)
- €45 (in case of emergency)

to the account: « TS-CE CTIE, Cartes d'identités, B.P 111, L-1011 Luxembourg »
CCPL IBAN LU44 1111 7028 7715 0000

The payment reference must include: "Identity card + applicant's name and surname". The application is submitted at the Population Office. The photo will be taken on-site. A proof of payment (copy of the transfer) must be presented.

LUXEMBOURGISH PASSPORT

A fee of €50 (€150 in case of emergency), or €30 (€90 in case of emergency) for children under 4 years old, must be paid by bank transfer to:

Passport Office: 6, rue de l'Ancien Athenée L-1144 Luxembourg
Postal Cheque Account CCPL: IBAN LU46 1111 1298 0014 0000

The application is submitted at the Population Office. The photo will be taken on-site. A proof of payment (copy of the transfer) must be presented.

PARENTAL AUTHORIZATION

Parental authorization is an official document through which a parent or guardian allows a minor resident of the municipality to leave Luxembourg's territory. The certificate includes details such as the departure and return dates of the child, the destination (city and country), and, if applicable, the name of the sports club, school, association, or accompanying person. This authorization must be obtained from the child's municipality of residence. The parent granting the authorization must appear in person at the Population Office with an identity document to have their signature legalized.

REGISTRATION CERTIFICATE FOR EU CITIZENS

The application must be submitted with the following documents:

- A valid identity document
- An employment contract or other proof of sufficient financial resources
- For family members: proof of relationship

CERTIFICATES

Various certificates can be issued upon request, either by visiting the office, sending an email, or calling by phone.

Exception: For parental authorizations and certificates of life, the applicant must appear in person at the office with an identity document.

NATIONALITY

Applications for Luxembourg nationality are processed upon submission of a complete dossier. For further information, please contact the Population Office.

MARRIAGE

A civil marriage can only be conducted in the municipality where one of the spouses has their legal residence. Future spouses are advised to contact the municipal administration of the marriage location at least 2 to 3 months in advance to inquire about the required documents. The date and time of the wedding ceremony will be set by the civil registrar and the future spouses once all necessary documents for the publication of the banns have been submitted. Detailed information can be provided by the Civil Status Office.

PARTNERSHIP

Any person, regardless of nationality, can enter into a registered partnership in Luxembourg, provided they reside legally in the country. Both future partners must appear in person, with the required documents, before the civil registrar of the municipality where they have their legal residence to jointly declare their partnership. Detailed information can be obtained from the Civil Status Office.

BIRTH

Every birth must be declared to the civil registrar in the place of birth. This declaration must be made within 10 days, not counting the day of birth. A copy must be submitted to the Population Office of the municipality of residence.

DEATH

The death certificate is issued by the civil registrar of the place of death upon submission of a medical certificate confirming the death. Except in cases specified by police regulations, the burial must take place no earlier than 24 hours and no later than 72 hours after the death.

Streetwork

The municipality of Hesperange, which consists of five districts - Alzingen, Fentange, Hesperange, Howald, and Itzig - borders the City of Luxembourg. Hesperange is experiencing rapid growth and is home to a population where more than half are not originally from Luxembourg. Facing the challenges of an expanding municipality with numerous social services, the commune is highly committed to ensuring the well-being of its entire population. Inter-Actions began its engagement in Hesperange in 2024 with the launch of the "Streetwork" service and the management of the housing facility for applicants/beneficiaries of international protection.

Since March 2024, the Inter-Actions association has been active in the streets of our municipality. Their mission is to assess the situation of homeless and vulnerable individuals living in Hesperange and Howald, initiate social work with them, and develop a streetwork concept tailored to our municipality.

NURSING HOME – SENIOR RESIDENCE ‘BEIM KLOUSCHTER’

48, rue du Couvent
L-1363 Howald
Tel. 26 844 844
beim-klouschter@servior.lu

LOCATION

The senior residence ‘Beim Klouschter’ is located in Howald, Rue du Couvent, away from traffic. The center is surrounded by a park and offers a privileged location, as residents enjoy a magnificent view of Luxembourg City. Nearby walking trails provide relaxation and rest.

The municipality of Hesperange is planning to expand the CIPA ‘Beim Klouschter’ in Howald by adding a care unit for elderly individuals requiring more intensive medical care, referred to as the ‘nursing home’.

FACILITIES

The spacious centre offers a total of 108 single rooms and 6x2 rooms with a connecting door. The rooms are 30 m² and include a private bathroom with a shower and toilet as well as a small kitchenette. The standard equipment, as in all SERVIOR centers, includes an electric adjustable nursing bed with a bedside table, a wardrobe available upon request, functional spaces and special bathrooms on each floor and common living areas with kitchens designed for groups of 10 residents.

Other facilities in the centre include:

- | | |
|-----------------------------|--------------------|
| ■ A cafeteria | ■ A shop |
| ■ A restaurant | ■ A gym |
| ■ A chapel | ■ A hair salon |
| ■ A multipurpose event hall | ■ A pedicure salon |

There are also rooms for the care of two socio-gerontological groups.

SERVICES

In addition to standard care and support services, as well as gerontological care, the center offers various recreational programs. The living areas for groups of 10 residents are particularly appealing, providing a cozy atmosphere where residents can spend their time and engage in hobbies or other activities.

CLUB SENIOR

There are currently 20 'Club Senior' across the country.

These clubs are designed for adults aged 50 and over, who are planning their transition from professional life to a new, equally active life without pressure or constraints. In addition to the opportunity to build new social connections, members will find a wide range of activities in various fields such as continuing education, sports, culture, and social and community development. These clubs provide an ideal environment for those who wish to enjoy a happy and fulfilling retirement.

CLUBHAUS AM SÄITERT

In 2022, the Clubhaus 'Am Säitert' opened its doors at the Centre Jean-Pierre Thoma, located at 1, rue Jos Paquet, Alzingen. As people enter the second phase of their lives, retiring from professional work or experiencing an empty nest, they finally have time for themselves and their own interests – a transition that many seniors embrace positively.

However, some may face isolation or inactivity, lacking the opportunity to build new connections or pursue hobbies and physical activities. Moreover, for many, the loss of professional status – especially for men who did not develop an alternative passion – can lead to feelings of depression.

The Senior Club primarily welcomes individuals aged 60 and over who:

- Have free time and want to spend it meaningfully
- Seek social connections and companionship
- Wish to actively participate in the cultural and social life of their community, region, or country
- Feel the need to learn new skills or improve existing ones
- Want to maintain their physical and mental well-being
- Would like to share their knowledge with others
- Are interested in volunteering in various forms

Although the activities are primarily tailored to seniors, younger individuals are also welcome. The exchange between generations is considered a great advantage, encouraging mutual learning and support.

As the Senior Club is aligned with the philosophy of “living together within the community”, it welcomes seniors of all nationalities and encourages:

- Intercultural activities
- Accessibility of information in multiple languages
- Engagement with foreign community leaders to encourage participation
- Collaboration with international associations at the local level

Similarly, the Senior Club actively fosters intergenerational dialogue, allowing seniors to connect with younger generations through:

- Collaboration with schools and youth organizations
- Joint projects and social initiatives
- Sharing knowledge and experiences to create mutual understanding

GOALS OF THE SENIOR CLUB

The Senior Club provides services aimed at promoting autonomy, independence, and well-being while fostering active participation in social life. It offers a wide range of activities to stimulate personal growth and engagement.

- Prevention of social isolation
- Promotion of physical and mental health
- Integration of non-Luxembourgish seniors
- Encouraging seniors to actively contribute their skills and knowledge
- Providing various volunteering opportunities

Additionally, the Senior Club assists individuals in preparing for retirement, offering advice and support for those seeking solutions to personal concerns. In cases of specific needs, members are guided toward specialized professionals.

CRÈCHES / PARENTAL ASSISTANTS

- Are you looking for information about a local or regional childcare facility of your choice at local or regional level?
- Information on socio-educational childcare?
- Details of how the Chèque- Service Accueil (CSA) scheme works?

Visit **www.staarkanner.lu**

CHÈQUES-SERVICE ACCUEIL (CSA)

Since the 2022-2023 school year, non-formal education is free in Luxembourg during school weeks.

During school weeks

- Free childcare applies during school weeks from Monday to Friday, 7.00 a.m. to 7.00 p.m., for children enrolled in fundamental education (cycles 1 to 4).
- Free childcare does not apply to younger children (e.g., daycare/ crèche) or children enrolled in early education.
- Registration in the Chèque-Service Accueil (CSA) system is mandatory.
- To register for CSA, please contact the Municipality of Hesperange at +352 36 08 08-2230/2231.
- School lunches are free for children subject to compulsory schooling (cycles 1 to 4) during school weeks.

During school holidays

- Parents must cover the costs of all reserved childcare slots as well as meals. The CSA fee scale applies, and parental contributions are no longer capped at a fixed rate.
- Free meals are available only for families with an income below twice the minimum social wage. For all other families, the CSA fee scale applies.

The CSA amount is paid directly to the registered childcare provider.

ELIGIBILITY

The Chèque-Service Accueil (CSA) is available for every child who:

- Resides in Luxembourg, or;
- Has a parent or legal guardian who is a citizen of the European Union and employed in Luxembourg.

PREREQUISITES

To be eligible for the Chèque-Service Accueil (CSA), children must:

- Be under 13 years old, and/or;
- Still be enrolled in fundamental education.

REQUIRED INFORMATION

To benefit from the CSA, parents must provide the following mandatory information:

- Child's first and last name
- Child's national identification number
- First and last names and national identification number of the legal guardian
- National identification number of the legal guardian's partner (in case of a blended family)
- Child's address
- Applicant's address
- Billing address for services
- Preferred communication language (German, French, Luxembourgish, English, or Portuguese)
- For financial support from the state: Information on the legal guardian's income situation

To establish the membership contract, the applicant authorizes the municipal officer to access the personal data necessary for processing the CSA application.

VALIDITY PERIOD

The membership contract is valid for 12 months from the date of signing and must be renewed annually before the expiration date. Exceptionally, and for duly justified administrative reasons, the membership may be limited to 3 months. **Parents are responsible for renewing their membership before it expires. If the membership is not renewed, the CSA benefits will no longer apply, and parents will have to bear the full cost of childcare.**

FINANCIAL CONTRIBUTION

State contribution

The state's financial contribution is capped at 60 hours per week. The maximum state contribution is: €6/hour for childcare services in an educational and care facility and €5.40/hour for childcare provided by a parental assistant. Any costs exceeding these limits are entirely the responsibility of the parents. Parents may qualify for a financial reduction within the CSA framework, provided they declare their household income.

The CSA membership contract determines the value of the Chèque-Service Accueil based on the parental contribution scale, which is used to calculate the amounts parents must pay.

Married couples, registered partners (PACS), and couples living together are treated the same when assessing household income. The legal guardian is required to provide all recent documents necessary to establish their current household income, including:

- A copy of the most recent tax statement or, if unavailable, a certificate of income issued by the Administration des Contributions Directes.
- Any proof of household income, such as: a recent annual salary statement, a pension certificate, an unemployment certificate, or a certificate of income issued by the Centre Commun de la Sécurité Sociale (CCSS) if the declarant's income is not subject to taxation.
- If none of the above is available, any other document proving the current income.

If the declarant is unable, for reasons beyond his or her control, to produce one of these documents, the household's taxable income will be certified, by any other document issued by the employer.

The municipal officer may request additional documents to verify household income.

If parents choose not to disclose their income information, the highest parental contribution rates ("without income declaration") will be applied according to the CSA fee scale.

PARENTAL LEAVE

Parental leave allows parents of young children to pause their professional career or reduce their working hours to focus more on their child's upbringing. Parents are guaranteed job security and can return to their position once their leave ends.

A parent can request:

- First parental leave, to be taken immediately after maternity leave or adoption leave.
- Second parental leave, to be taken before the child's 6th birthday (12th birthday in case of adoption).

Parental leave is granted only once per child.

During parental leave, the parent is entitled to financial compensation, which serves as a replacement income, paid by the Caisse pour l'Avenir des Enfants (CAE).

1. PREREQUISITES

The (future) parent must:

- Be continuously affiliated with Luxembourg's social security system for at least 12 consecutive months before the start of parental leave. If there is an interruption, it must not exceed a total of 7 days within the 12-month period.
- If employed: Have one or more employment contracts totaling at least 10 hours of work per week.
- If employed or an apprentice: Be under contract for the entire duration of parental leave.

Note: In the case of a company transfer, merger, or acquisition, transferring an employee to another position within the company is not considered a change of employer.

2. TYPES OF PARENTAL LEAVE

First or Second Parental Leave

A parent may apply for:

- First parental leave, which must be taken immediately after maternity or adoption leave by one of the parents. If not taken, it is lost, and the other parent can only take the second parental leave.
- Second parental leave, which must start:
 - In case of birth: Before the child's 6th birthday.
 - In case of adoption:
 - Within 6 years after the end of adoption leave, or
 - If no adoption leave was taken, between the date of the adoption judgment and the child's 12th birthday.

Full-time, Part-time, or Fractional Parental Leave

The 1st and 2nd parental leave periods can be taken on a **full-time**, **part-time** or **split basis**, depending on the number of hours indicated on the parent's employment contract and the parent's situation:

- **40 hours per week or self-employed:**
 - Full-time leave: 4 or 6 months
 - Half-time leave: 8 or 12 months at 50% of normal working hours, with employer approval
 - Fractional leave: 4 periods of 1 month within a maximum of 20 months, with employer approval
 - Fractional leave: 1 full day or 2 half-days per week over a maximum of 20 months, with employer approval

■ **20+ hours per week:**

- Full-time leave: 4 or 6 months
- Half-time leave: 8 or 12 months, with employer approval
- 10+ hours per week: Full-time leave: 4 or 6 months
- Apprenticeship contract: Full-time leave: 4 or 6 months
- Multiple employers or mixed status (employee & self-employed): Full-time leave: 4 or 6 months

If the monthly working hours change within the year before the parental leave request, the average over the year will be considered. However, any changes made after the parental leave request is submitted will not be taken into account.

3. PARENTAL LEAVE ALLOWANCE

During parental leave, the employee is entitled to a monthly parental leave allowance, paid by the Caisse pour l'Avenir des Enfants (CAE) as a replacement income. The allowance is subject to social security contributions and taxes. The CAE is listed as the employer on the tax deduction slip.

The Administration des Contributions Directes (ACD) automatically updates the employee's tax card within 30 working days.

The parental leave allowance can be claimed within 2 years from the end of the month for which it was due.

FAMILY ALLOWANCE

The family allowance is paid from the month of birth until the child reaches 18 years old.

The allowance ceases the month after the child turns 18, unless they continue secondary education or an equivalent study program.

BACK-TO-SCHOOL ALLOWANCE

- €115 for children over 6 years old
- €235 for children over 12 years old

This allowance is automatically paid in August each year, and no application is required.

Children entering the 2nd cycle of fundamental education (formerly 1st grade) who are not yet 6 years old at the start of the school year can receive the allowance upon presentation of a school certificate.

The allowance stops in the calendar year when the child completes secondary education or an equivalent study program.

LUXEMBOURGISH CONVERSATION

Luxembourgish is one of the three official languages of the Grand Duchy of Luxembourg. This practical guide will help you express yourself in Luxembourgish, making you feel more than just a tourist.

The original and easy-to-use Luxembourgish conversation guide includes:

- A grammar section introducing language structures to help you form your own sentences.
- A conversation section with keywords and essential phrases in 75 thematic categories, along with a lexicon of over 2,000 words.
- Pronunciation guide for all words and phrases in Luxembourgish.

Download the guide:

COURSES IN LUXEMBOURG LANGUAGE

In an increasingly multicultural society, language skills are essential and contribute to better integration of people from different backgrounds and cultures.

The Municipality of Hesperange offers Luxembourgish language courses for beginners and advanced learners every year. Courses start at the end of September/beginning of October and end in June (60 hours in total).

Classes take place once a week for 2 hours (except during school holidays).

The courses are approved by the Ministry of National Education and Vocational Training and carry the quality label.

At the end of the school year, a certificate issued by the Ministry of Education, Children, and Youth is awarded to all students who have attended at least 70% of the classes.

HOPLR - GET TO KNOW YOUR NEIGHBORS

Hesperange uses Hoplr, a private website for neighbourhoods. Anyone living in Hesperange can sign up and easily get in touch with their neighbors.

WHAT CAN THIS WEBSITE BE USED FOR?

- Getting to know your neighbors
- Helping and supporting each other
- Lending or borrowing an item like a ladder or a drill from a neighbor
- Finding a reliable plumber or a trusted babysitter in your area
- Discussing local issues such as traffic or roadworks
- Announcing neighborhood events like a garage sale or a street party

Of course, such a network can only be successful if enough members participate. Hoplr has already proven its value in other municipalities in Belgium and the Netherlands. We hope to welcome you to Hoplr soon! Registration is quick and free – see the instructions below. An app is available in the App Store (iOS) and Play Store (Android).

HOW TO REGISTER?

- Download the mobile app or visit www.hoplr.com
- Enter your address
- Enter your local area code
- Sign up in your neighborhood

Schooling

In the Grand Duchy of Luxembourg, education is generally free and compulsory from the age of 4 to 18.

Fundamental education consists of 9 years of schooling, divided into 4 learning cycles. The 1st cycle includes one year of early education (optional) and two years of preschool education, which are part of compulsory schooling.

The 2nd, 3rd, and 4th cycles make up primary education, with each learning cycle lasting 2 years.

OPTIONAL SCHOOLING FOR CHILDREN AGED 3 TO 4: CYCLE 1 OF FUNDAMENTAL EDUCATION (EARLY EDUCATION - PRECOCE)

Early education is intended for all children residing in Luxembourg who have turned 3 years old before September 1st of the current year. Early education is optional and free of charge. Parents are not required to enroll their children. However, once a child is enrolled, parents must ensure their regular attendance.

OBJECTIVES

Early education encourages children to

- Listen and speak – develop communication skills
- Move – enhance physical coordination
- Create – stimulate creativity
- Express themselves – develop confidence and social skills
- Develop their abilities and skills

SCHOOLING FOR CHILDREN AGED 4 TO 6: CYCLE 1 OF FUNDAMENTAL EDUCATION (PRESCHOOL)

Preschool education ('d'Spillschoul' in Luxembourgish) is for children aged 4 to 6. It lasts for two years and is compulsory and free of charge.

To be admitted, the child must first be registered in the population register of the municipality of residence along with their parents or legal guardian.

SCHOOLING FOR CHILDREN AGED 6 TO 12: CYCLES 2 TO 4 OF FUNDAMENTAL EDUCATION (PRIMARY SCHOOL)

The 2nd cycle (ages 6-7), 3rd cycle (ages 8-9), and 4th cycle (ages 10-11) make up what was previously known as primary education.

Each learning cycle lasts approximately 2 years. In Cycles 2 to 4, literacy is taught in German, which is the language of instruction for all subjects, except French. French language learning begins in Cycle 2.

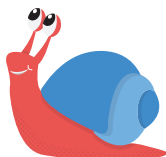

**For any additional questions, please contact the school service:
Tel. 36 08 08 2008.**

De sèche Schoulwee

Pedibus

**DE SÈCHERE
SCHOULWEE**

DE SÈCHERE SCHOULWEE (SAFE SCHOOL ROUTE)

Over the past few years, all traffic within residential areas has been limited to 30 km/h. Additionally, various other measures have been introduced in our municipality to reduce unnecessary traffic within residential areas.

These measures have allowed us to introduce the concept of the “safe school route” (sèche Schoulwee) within residential neighborhoods.

To support this, gathering points have been set up in residential areas, from which the route to school is clearly marked. The designated paths and pedestrian crossings are identified with the “Schläichi” logo, which is painted on sidewalks.

This safe school route concept will be gradually extended to other localities within the municipality of Hesperange.

PEDIBUS

THE PEDIBUS

Several Pedibus routes operate alongside the safe school route. These routes lead from residential areas to school on predefined paths, with designated stops where children can wait. The Pedibus is always accompanied by an adult.

The Pedibus routes are planned along main roads leading to school. The adult supervision is intended to enhance children’s safety in these potentially dangerous areas.

SCHOOL PATROLS

School patrols complement both the safe school route and Pedibus near schools located along main roads.

The goal of the safe school route concept is to encourage as many students (and parents) as possible to walk or cycle to school, thereby reducing the number of cars around school premises. Indeed, a high number of cars near schools often creates dangerous situations, causing a feeling of insecurity for both children and parents.

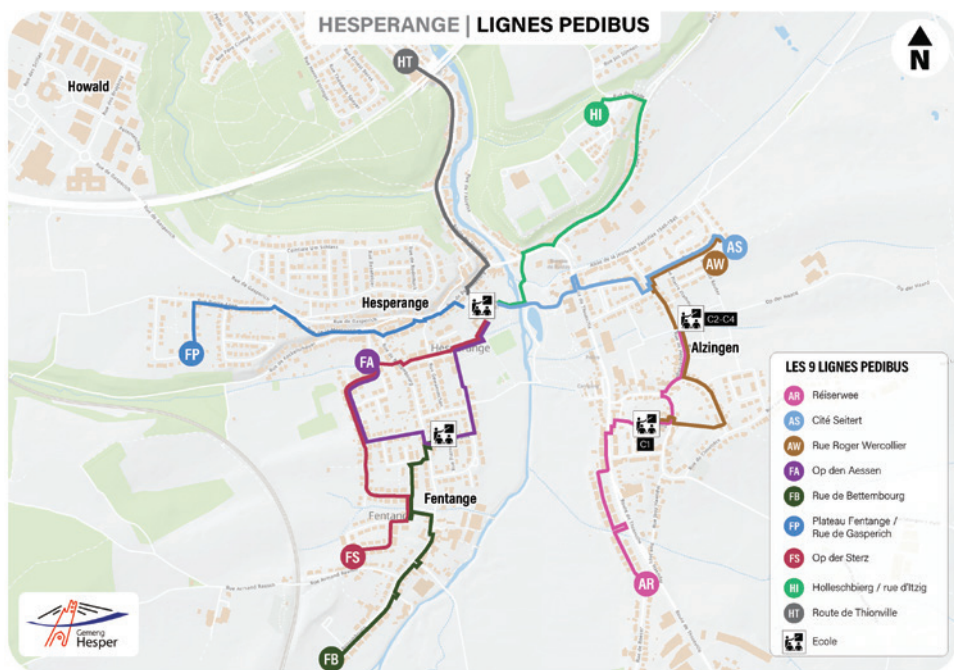

To minimize the risk of accidents, several general rules should be followed:

- The sidewalk is the only safe area where children should walk.
- Always walk on the safest side of the sidewalk, preferably near houses and gardens.
- If there is no sidewalk, always walk on the left side of the road.
- Always cross the street at traffic lights or a secure pedestrian crossing.

If a child must cross the street in an unprotected area, they must adopt proper safety behavior: look left, then right, then left again and only cross when there are no cars in sight.

Climate Pact

The Climate Pact is a key instrument for guiding municipal energy and climate policy. It is partially based on the European Energy Award, a European quality management system for municipalities in the field of energy and climate policy.

The objectives include: reducing energy consumption, increasing energy efficiency, expanding the share of renewable energy and stimulating the job market. The Municipality of Hesperange joined the Climate Pact on February 5, 2013.

The municipality's mission and vision regarding the Climate Pact involve the implementation of a charter with clear and precise objectives, namely:

- Using energy more efficiently
- Transitioning to sustainable energy
- Promoting public transportation

Benefits for Citizens:

- Expansion of municipal awareness, information, and advisory services
- Support for a sustainable lifestyle
- Active participation in the climate team
- Reduction of energy costs through municipal initiatives
- Creation of green jobs

As part of the Climate Pact, the Municipality of Hesperange was certified in the Gold category, achieving a score of 77.6%.

5.2

Nature Pact

PROTECTING BIODIVERSITY

The Nature Pact is a mutual commitment between municipalities and the Luxembourgish state. It serves as a key instrument to advance nature protection at the municipal level.

The Nature Pact's catalog of measures includes nature protection initiatives in the following areas:

- Development and implementation of a comprehensive strategy
- Urban environment
- Open landscapes
- Forests
- Aquatic environments
- Communication and cooperation

Since the beginning of 2022, the Municipality of Hesperange has been part of the Nature Pact.

Geoportail

HESPER SOLAR CADASTRE ON GEOPORTAIL.LU

Is it profitable to install solar panels on my roof?

Solar energy offers an almost inexhaustible potential for the production of electricity and heat. However, only a small portion of suitable roofs is currently used for solar energy production. Investing in solar energy systems means investing in the future. By doing so, you contribute to the energy transition and climate protection. Would you like to know if your house's roof is suitable for solar energy, how much electricity could be produced by a photovoltaic system, or how much heat could be generated by a solar thermal installation?

The solar register provides you with information

Thanks to the solar cadastre on Geoportail, you can determine within a few clicks whether the roof surface of your building is suitable for a photovoltaic or solar thermal installation.

<https://map.geoportail.lu/theme/energie>

Initial Information in the Map View

By hovering the mouse over the desired object, a brief information window appears indicating the suitability of your roof for solar energy use.

A color-coded marking of the buildings allows you to immediately see which roofs are suitable for solar energy. The color indicates the degree of suitability.

HESPER CITYBUS

Since May 22, 2023, the Hesper Citybus has been operating in the districts of Alzingen (on weekdays from Monday to Friday).

The launch of the Citybus aims to promote sustainable mobility by providing residents with an additional local transport option alongside the Flexibus. It facilitates travel from residential areas to transport hubs, allowing residents to safely and conveniently access the extensive existing bus network (RGTR/VDL), which then takes them to their final destinations.

The Hesper Citybus operates on weekdays (Monday to Friday) between 6.15 a.m. and 8.15 a.m., covering certain districts in Fentange. A possible extension of the Citybus service (e.g., for afternoons or additional districts) will be considered after evaluating the first phase and in connection with the completion of tramway construction in Howald.

Flex Carsharing

Flex, is the carsharing solution available throughout Luxembourg, offering cars at numerous stations, most of which are connected to the public transport network.

Locations

3 combined car & e-bike sharing stations:

- Hesperange, place Paul Jomé
- Howald, rue des Bruyères
- Howald, rue Ferdinand Kuhn

+ 1 carsharing station

- Itzig, rue de la Libération

You can book your car for any occasion via our website, mobile app, or by phone.

Vel'oh

The Vel'oh stations in Hesperange are identical and interchangeable with the 85 stations and 850 bicycles installed throughout the City of Luxembourg. The new docking stations are directly connected to the new Vel'oh mobile app, allowing users to: check the availability of bikes at the docking stations, access their account and search for other nearby stations.

Regardless of the subscription plan, the first 30 minutes of each ride are free. Beyond the free period, the following rates apply: 2nd half-hour €0.50, 3rd half-hour €1 and each additional half-hour €2. If the bike is used for more than 24 hours, the guarantee deposit will be charged.

Electric Assistance

The electric assistance operates in 4 phases:

- At the start, the assistance is not activated until a certain power threshold from the user is reached.
- Once this threshold is reached, even at low speed, the motor torque activates and provides a slight acceleration, signaling that the electric assistance is operational.
- As the user increases effort, the motor power adjusts proportionally in a linear response.
- The assistance gradually decreases as the maximum speed (25 km/h) or the maximum average power (250 W) is approached. The maximum assisted speed is 25 km/h.

Equipment

The bikes are equipped with all necessary safety features in compliance with Luxembourg's traffic regulations, including lights and reflective strips.

Multifunctional Handlebar

A contactless card reader allows users to unlock the bike without using the terminal. Real-time battery level display.

USB socket

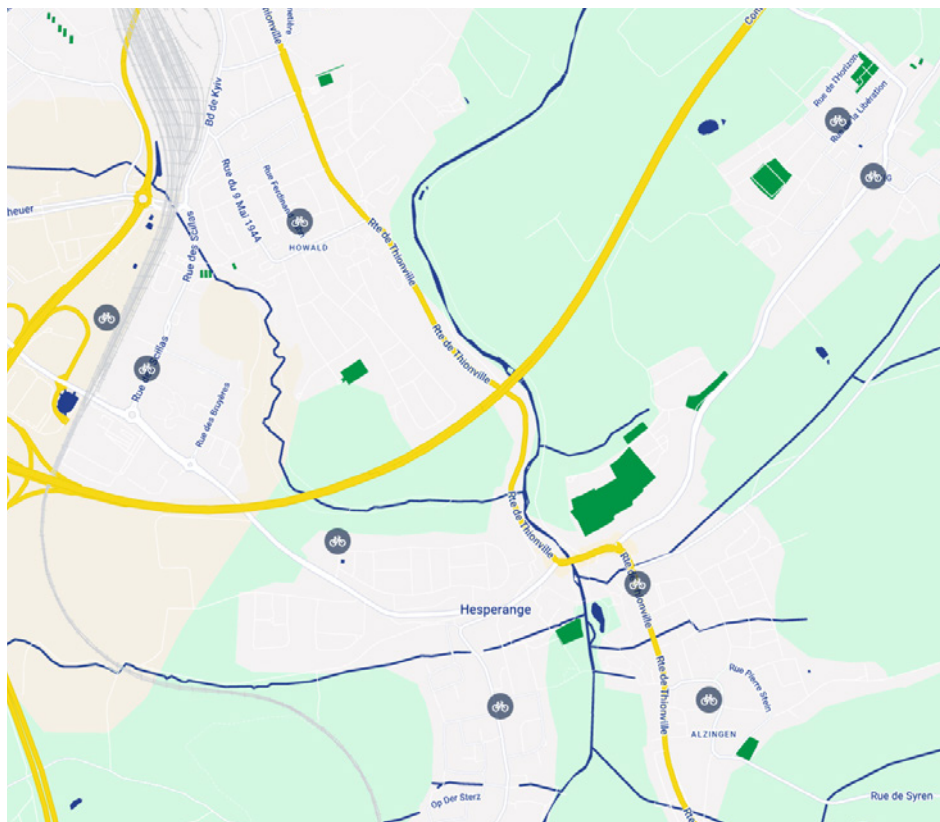

USB charger allowing users to charge their smart phone while on the move.

Chargy

HESPERANGE WELCOMES CHARGY!

Want to become a Chargy customer and access the Chargy network?

It's very simple! To charge your electric or plug-in hybrid vehicle at Chargy charging stations, you need to subscribe to a contract with a charging service provider in Luxembourg.

How to Access Chargy Stations? Access to Chargy stations is done via the mKaaT from the Verkéiersverbond (National Transport Community), which will be provided by your charging service provider.

If you already have an mKaaT, your charging service provider will simply add the Chargy feature to your existing card.

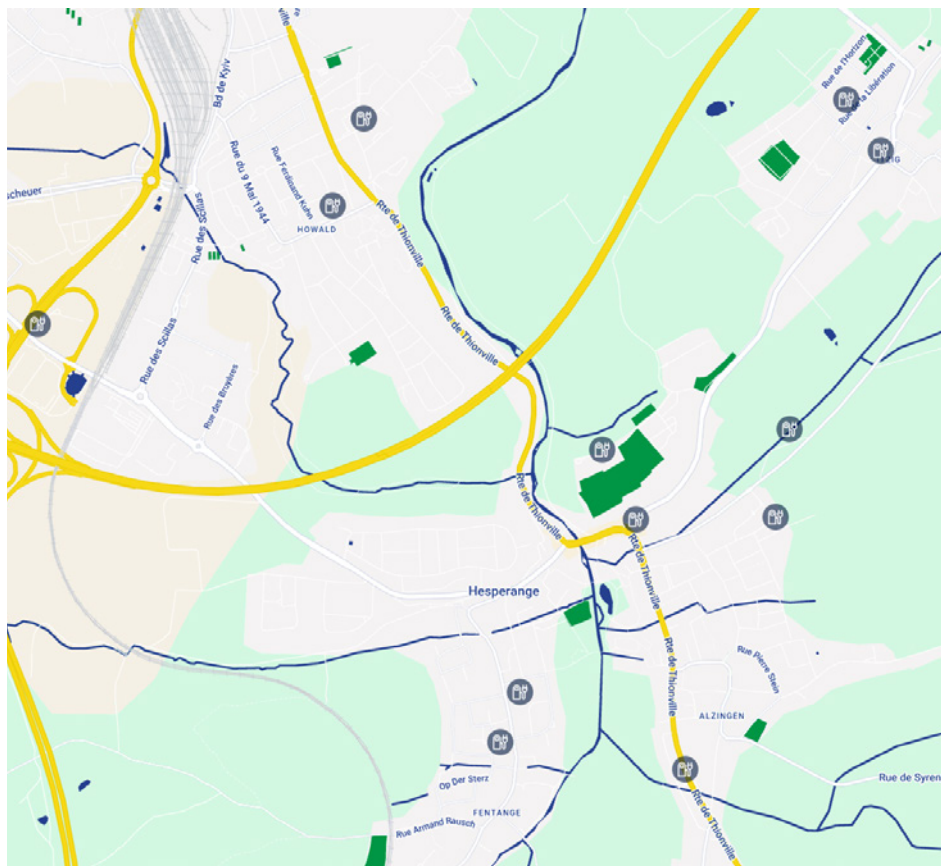

Enjoy the MyChargy platform

Your contract also gives you access to the MyChargy platform, which offers the following features:

- Interactive map of the network showing all charging stations and their status (available, occupied, out of service).
- Online booking of a charging station (up to 2 simultaneous reservations).
- Route calculation and navigation to your selected charging station.
- Notification when your vehicle's charging is complete.
- Monitoring of your electricity consumption.
- Downloadable reports and information for account management.

For more information, visit www.chargy.lu or check the Facebook page.

Water, gas, electricity, television and telephone

To ensure the supply of water, gas, and electricity to your new home from the day you move in, you should notify the relevant service providers about 8 days before your relocation.

Water Supply

If you are moving to the Municipality of Hesperange, water supply is managed by municipal services. The municipal service will read your water meters to establish a final consumption statement. Water supply is billed by the Municipality of Hesperange based on semi-annual meter readings, followed by a consumption statement. Billing is based on the actual quantities consumed, as determined during water meter readings.

It is essential that the municipal agent has access to the water meters for the semi-annual readings. If you are absent when the agent comes, a response card will be left in your mailbox. If you fail to return the card, the municipality will be forced to estimate your water consumption.

Creos

Creos manages the electricity and natural gas networks in your municipality. As such, Creos is responsible for the planning, construction, expansion, and maintenance of electricity and gas networks.

CYCLE PATHS

CYCLE PATH AROUND THE CAPITAL (PC1)

This path forms a complete loop around the capital of the Grand Duchy, enabling cyclists to cross the dense forests that surround the city of Luxembourg.

The path passes by the romantic Kockelscheuer site, with its ponds at the heart of a green setting, while its skating rink will delight ice sports enthusiasts. The high point of the circuit is, however, without a doubt the cycle ride through the narrow streets of the old city, listed as a world cultural heritage site by UNESCO. You will cycle alongside the cliffs of the upper part of the city, past the 'Bock' rock offering an unrestricted view over the Alzette valley, the fortifications and to the opposite modern Kirchberg district, dominated by the audacious façades of the Philharmonic Hall and the 'Grand-Duc Jean' Museum of Modern Art.

CYCLE PATH «CHARLY GAUL' (PC14)

The Charly Gaul cycle path starts in Ellange-gare on the PC7 and continues to the Centre circuit in Hesperange (PC1).

The PC 14 cycle track is dedicated to Charly Gaul, a versatile Luxembourgish cyclist, who was the winner of the Tour de France in 1958, as well as the Luxembourg cyclo-cross champion. His abilities as a pure climber when the road rises earned him the nicknames of the 'Winged Climber' or the 'Angel of the Mountains'. He is known as one of the greatest climbers of the century. He also won the Giro d'Italia in 1956 and 1959. He was particularly fond of bad weather conditions, in which he managed to create huge gaps and upset the rankings.

Starting point: Fentange

Destination: Ellange-Gare

Distance: 8,92 km

Highest point: 337 Hm

Lowest point: 220 Hm

Aggregated Ascent: 74 Hm

Aggregated Descent: 154 Hm

From mid-May to August, concerts are held in the municipal park almost every Friday from 8 to 10 pm on the stage next to the beach club. There are also regular cultural, sporting, and popular events at the weekends. The program is rounded off by a photo exhibition, which is set up in the lower part of the park.

The 'Hesper Kultursommer' has become an integral part of the national cultural scene and attracts thousands and thousands of visitors every summer.

Municipal subsidies

ECOLOGICAL SUBSIDY

Dogs

DOG REGISTRATION

Every dog must be electronically identified by an approved veterinarian, who implants a microchip on the left side of the dog's neck, carrying a unique identification number. This identification is mandatory.

Every dog must be declared by the individual or legal entity responsible for its ownership at the municipal administration of the owner's place of residence. The dog registration must be completed within four months after the dog's birth. To register the dog, the owner must provide the municipal administration with:

- a certificate, issued by an approved veterinarian, attesting to the identification of the breed or type and the electronic identification of the dog, as well as its valid anti-rabies vaccination.
- proof that insurance showing that a liability insurance contract has been concluded with an approved insurance company in Luxembourg, covering damages caused by the dog to third parties.

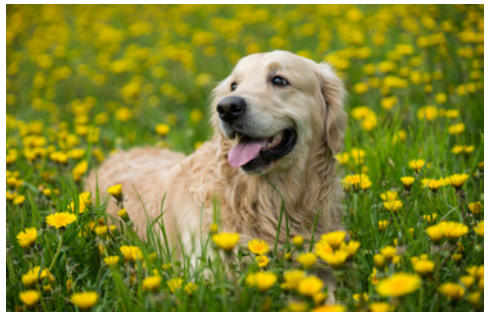

Dog tax

The annual tax for a dog is €35.

All dogs must be kept on a leash:

- Within urban areas
- In public transport, common areas of apartment buildings, public parking lots, gas stations, and during public events
- On sports fields, cycling paths, fitness trails, public places, and parks

In all other locations, dog owners must keep their dogs under control and put them on a leash when necessary.

DOG OFF-LEASH AREAS

A “dog freedom zone” has been designated in the municipal park, where dogs can run freely without a leash. However, owners must still keep their dogs under control and leash them when necessary.

A 2nd ‘dog area’ is located in Fentange ‘Op de Leemen’ and a 3rd in Alzingen ‘Rothweit’.

CLEAN UP AFTER YOUR DOG!

Avoid someone stepping in it

Stepping in dog waste is not only unpleasant but also hazardous. In wet weather, dog excrement becomes slippery, posing a fall risk for cyclists or elderly pedestrians.

Prevent Environmental Pollution

Dog waste is biodegradable but still harmful to the environment. Dog feces are not considered green waste because they can pollute the surrounding soil and environment. Most pet dogs consume processed industrial food, which contains artificial ingredients and chemicals – making their waste non-natural and environmentally unfriendly.

Depending on the weather, dog waste can take days or even weeks to decompose.

TAXES

Whether a resident or cross-border worker, every taxpayer is subject to certain tax regulations, requiring formalities with various administrative bodies. This section focuses on income taxation for employees and the purchase of a vehicle abroad.

WORK/EMPLOYMENT

Regardless of whether an employee is a resident, cross-border worker, EU national, or third-country national, they are subject to labor law, social security law, and tax law. Being employed grants certain rights but also imposes obligations, requiring administrative procedures throughout one's professional life – both with the employer and relevant authorities.

FAMILY

Life is marked by various milestones such as marriage, birth, separation, or death. During these events, individuals must complete administrative procedures with various authorities.

EDUCATION/TRAINING

This section presents Luxembourg's education system and details the procedures for enrollment in different educational institutions.

CITIZENSHIP

Beyond obtaining identity documents, this section also covers procedures related to civil and political rights. Regarding the electoral system, non-Luxembourgish residents may, under certain conditions, participate in municipal and/or European elections.

HOUSING

This section provides information on procedures related to construction and rental, both from the perspective of the tenant and the landlord.

It also details the state subsidies available to encourage housing construction and improvements.

TRANSPORT/MOBILITY

This category includes procedures related to public and private transport in Luxembourg, such as: transport cards (types of annual subscriptions, etc.), driving licenses (obtaining or converting) and vehicle registration.

HEALTH/SOCIAL SERVICES

This section provides guidance on: health and maternity insurance benefits, accident insurance, pension schemes and social benefits. It aims to assist citizens in managing their daily administrative procedures.

IMPORTANT !

The Municipality of Hesperange informs its residents that fireworks are prohibited on New Year's Eve.
