

The map displays the distribution of the Hesperiaceae family across a geographical area. The distribution is marked by a blue line with numbered points (1, 2, 3, 4, 5) indicating specific locations. The map includes various geographical features such as roads (e.g., N 3, A 1, CR 159, CR 226, CR 154), rivers (e.g., Alzette, Moselle), and urban areas (e.g., Hesperange, Alzingen). The distribution is primarily concentrated along the Moselle river and the A 1 highway, with points 1, 2, 3, and 4 located in the northern part of the map and point 5 located in the southern part. The map also shows various other features such as parks (e.g., Hesperange park), sports fields (e.g., Stade Alphonse Theis), and industrial areas (e.g., Hesperange industrial zone).
